Why Do Bad Things Happen to Born Again Christians?

Apostolic Teaching:

- G-d said if we start magnifying Him over everything that is going on with us, we will then be able to see that he is a big G-d and that he is El Shaddai (a G-d of more than enough). Our G-d will show up in a big way and produce big miracles.
- We are under a big G-d that is big enough to handle anything that we are dealing with. And if he doesn't handle it he will send us some grace to cover it.
- G-d is bringing us to the forefront and we must know how to act. It is time to exhibit spiritual maturity.
- Apostle's Acclamation: "G-d said he will prepare a table for us in the presence of our enemies. The table is here and it is spread."
- Don't let people influence you. Because they can lead you to hell.
- Whenever you sow into G-d's kingdom you are making the best investment of your life.
- When G-d says go we just want to flow. The house of G-d should be provided for so that we can do such.
- Natural Age vs Kingdom age: Maturity is more of a growth thing than an age thing. You can be 40 or 50 years old and not be mature.
- **Apostle's Appeal:** Cut the foolishness. Stop joking and jesting so much. It is now time that we seek the glow of the Lord and not the glow of Maybelline, Mary k, & Mac . Switch up in what glow you are seeking today. As we go forward in the glory of G-d, we want to represent him in the upmost way. We are now ambassadors for Christ.
- G-d is not calling Apostle to the elite of the world but the least of them.
- **Never try to sabotage the work of G-d!**

- When people try to sabotage the work of G-d, He will send you some help to assist you with the mission that has sent you to complete.
- Learn to be obedient to the word of G-d. Humble yourself under the word of G-d and he will exalt you in due time.
- It takes more Jesus to keep it all together than make sure that just your part is correct.
- Whatever gap you leave open, the devil is looking for an entrance. So you need to let G-d plug up the gaps and when he does you should not reopen it.

- Make your homes devil proof. And plug up all of the entrances the devil can come into. Check your thoughts. Be aware of you thinking. Because the devil rides upon the airways.
- Guard what comes in through your ears. Be careful who you let have accessibility to your ear gate. Don't let what comes out of somebody's mouth make you think that G-d hasn't delivered you. They want to turn you against what G-d said you are.
- G-d's grace is sufficient. He is not punishing you. His grace is sufficient. It is more than enough.
- Watch what people say in your ears will influence your heart, mind, and decisions. Be careful who you give your ear to. Delilah could have never took Sampson down if he wouldn't have given her his ear.

- Get your ear back and G-d will show you his grace.
- It doesn't matter what you have done, you have a right to be in G-d's house.
- If you know the word and don't apply it, it will not help you.

Bildad the Brutal

Job 8: 1-6 (KJV) Then answered Bildad the Shuhite, and said, ²How long wilt thou speak these things? and how long shall the words of thy mouth be like a strong wind?³ Doth God pervert judgment? or doth the Almighty pervert justice? ⁴If thy children have sinned against him, and he have cast them away for their transgression; ⁵ If thou wouldest seek unto God betimes, and make thy supplication to the Almighty; ⁶ If thou wert pure and upright; surely now he would awake for thee, and make the habitation of thy righteousness prosperous.

- The 3 fake friends came to Job and spoke into his ear. They all had the same answer as to why Job was suffering. They were convinced and wanted to convince Job that he had sin.
- The book of Job points to the grace of G-d and how it deals with its people.

- The grace of G-d is favor of G- d that you do not deserve and cannot earn.
- Grace will cover you even when you don't deserve it.
- G-d will use you and give you revelations. And He may not allow the thorn in your flesh to be removed because He doesn't want you to get more exalted above yourself.
- When you go through trials it lets you see that you haven't arrived and it is by his grace that you are making it.
- G-d may not pull you out of a trial but he will send something to keep you why you are in it. If he doesn't pull you out of it, his grace will keep you while you are dealing with it. For his grace is sufficient, more than enough, abundant.
- Grace is covering your health, finances, and your heart. Amazing grace how sweet the sound. You may have been lost but now you are found. You may have been blind but now you can see. It was his grace.
- G-d will give you space for your grace. So go ahead and ask people to move on out of your life, so that you will have enough space for you grace.
- When you go to work say, "Good Morning Grace, I know you have been waiting on me. Thank you for waiting on me."
- A sign of grace is when you aren't supposed to be here but you still are. When your mind should have left you but it didn't. That's grace.
